

# The Future of the... West End Community Council ...Is In Our Hands

- I care about my Community
- I would like there to be a Community Council in the West End of Dundee
- I would support a West End Community Council
- I live in the area of the West End Community Council
- I would be prepared to stand for election as a Community Councillor for the West End of Dundee

The general purpose of the West End Community Council is to act as a voice for our local area. This involves identifying and articulating the views and concerns of local people on a wide range of issues of public concern and making representation to the City Council

and other relevant bodies. There is currently a community council in this area and we are keen to see it strengthened.

If you have ticked any of the boxes above then we are keen for you to make contact with West End Community Council.
